EXPERIENCE

MES Software Engineer

Jan 2021 – Present

OPPO Mobiles India Pvt. Ltd. · Surface Mount Technology (SMT)

- MES configuration for line, order, product, flow, and material setup.
- Database work in MySQL and PL/SQL: queries and stored procedures.
- Real-time monitoring and integration with manufacturing equipment.
- Root-cause analysis and troubleshooting of production issues.
- L1 and L2 support for MES application incidents.
- SCADA system implementation as an L3 MES Engineer on the SMT workshop.
- Network support: Active Directory, DNS, and IP configuration.
- Hardware setup for Zebra printers, scanners, and Honeywell devices.
- Smart Factory MOM implementation and monitoring.

RF Engineer

Sept 2015 – Dec 2020

Telecom sector

- Planning and optimization of TDD, FDD, Massive MIMO, and small cells.
- KPI analysis for Airtel 2G, 3G, and 4G LTE networks.
- Drive tests: SCFT and SSCVT of 4G VoLTE networks.
- RF survey and EMF survey execution.
- Network performance analysis, reporting, and complaint resolution.

SKILLS

MES and smart factory. Smart Factory MOM (S-MES), EAP, VSKY, Kit Manager, Nexim, Visiset, portable data terminals, MES configuration.

Database. MySQL, Oracle, DBeaver, PL/SQL, IntelliJ IDEA, scripts, stored procedures, reporting.

IT and networking. Active Directory, DNS, IP networks and gateways, 24/48-port switches, IIS, ASM/ESET, Radmin.

Hardware. Zebra printers, Data Logic scanners, USR TCP232, Honeywell devices, Windows XP through 11.

PROJECTS

SCADA System Implementation — L3 MES Engineer
On the SMT workshop.

SMES PHX — L2 MES Engineer
Support for collaboration between SMES, AMES, WMS, IPLAN, and ERP.

Digital electronics design — final-year project
Digital electronics built with digital and analog instruments and ICs.

EDUCATION AND TRAINING

B. Tech., ECE — HETC, Hooghly, MAKAUT University · 70.6% — 2015

12th — R. Lal College, Alinagar, Nalanda, B.S.E.B · 60% — 2010

10th — High School, Barbigha, B.S.E.B · 68.2% — 2008

SCADA technology training — ITC Limited, Munger · 30 days — June–July 2014
